

EXHIBITION ON COMMUNICATION TECHNOLOGIES FOR GOOD GOVERNANCE

We have participated in "Communication Technologies for Good Governance held at Manekshaw centre in New Delhi on 25th December 2014. The purpose of this show is to have the foundation of a strong, prosperous nation is built on the quality of governance that it provides to its citizens. Information and Communications Technology is an important tool through which Good Governance can be structured. The power of Information Technology can be harnessed to deliver a wide range of services to citizens at their doorstep. The vision of Digital India is to employ its strengths in the I.T. field through its youth to lead India towards an era of Good Governance.

Mr. Rajiv Bhat Regional Manager-North Explaining VISIONTEK GL-11 Product Feature to Hon'ble Minister Minister of Communications & Information Technology Shri Ravi Shanker Prasad

On the occasion of Good Governance day today, the Department of Posts- "India Post" showcased some of the web based services which would be beneficial to the citizens of India.

The exhibition organized by the Ministry of Communications & Information technology. The "India Post" pavilion showcased following initiatives:

- The usage of hand held device which would be used by village Postmaster. All types of transactions related to the services of Post will be offered through the wireless hand held device in rural post offices under the ongoing IT project.
- My Stamp counter was set up where any individual who desires, can get customized stamp made which could also be used as postage.
- The monitoring of mail transmission under MNOP (Mail Network Optimization Project) and of Project Arrow Offices through web based tools was displayed.
- The functioning of e-Post Office- a virtual Post Office where an individual can do postal transaction was also on display.
- A pilot connecting weavers of Varanasi with e-commerce was started today at Varanasi and its portal was displayed in the exhibition in Delhi.

To mark the occasion the Minister of Communications & Information Technology Shri Ravi Shanker Prasad launched an e-Book and a pocket book on products and services of Department of Posts. He also announced the enhancement of maximum sum assured limit in Postal Life Insurance from 20 to 50 lakh rupees
